Jackie, Yes we are planning to continue to use Kemron to provide alternate water at Dimock. I am going to have to rely on Joanna to work with you guys to get your all the information you need to make this happen. I think we will have enough ceiling to make that happen, but remember we put all the money we got into the existing contract. So, I am not sure if you will be deobligating funds or not.

Hi,

See email below. Not sure if you already provided this info to Mikal. Either way, we need to get moving.

Thanks,
Jac.

Hi Jackie,

Has Rich mentioned anything to you about extending the period of performance for DIMOCK under the existing contract?

Will he need more time?
More money?

Please Advise

Denise,

Please see the attached 85% letter for the Dimock Residential Groundwater site, task Order 35.

Sincerely,
Jennifer
